

A “true Heat Pump” with outstanding performance

### Operating Range

55° to 115° +

No other portable heat pump  
can match the  
high performance  
of the MACH1211  
and MACH1811

Operating at full capacity, the  
MACH1811 runs so smoothly  
a nickel remains balanced  
on its edge.

MACH1811

### STANDARD FEATURES

- Condenser Fan Cycling
- High Ambient Cooling (to 115°+)
- Low Ambient Cooling (to 55°)
- Heating from 55° and Higher
- Remote Thermostat Ready
- (ACRS) Advanced Condensate Removal System (Pump & Tank)
- Electro-Mechanical Controls
- 2-Speed Evaporator Blower
- Compressor Short Cycle Protection
- Cord Storage Box
- Constant Pressure Expansion Valve
- Power Ready Indicator Light
- Auto Re-Start After Power Interruption
- 2 Thermostatic Expansion Valves
- Electrostatic Filters

MADE IN

**Available in capacities of 1 and 1 ½ ton**
